Furniture factory for sale (wood processing and furniture production). Profitable business!

The furniture factory for sale has an uninterrupted activity of almost 30 years in the field of **wood processing and furniture production and is located** in [Transylvania] – the center of the country, with immediate access to the A1 highway and 180 km from the western border of Romania.

The company has a portfolio of stable and consolidated international traditional customers and reliable local suppliers. The previous years turnover was in the range of: **1,600,000 -2,000,000 Euro / year**.

This company is eligible to access non-refundable funds.

With an investment of about **300,000 Euros**, it is possible to double the production capacity.

The company for sale which is producing furniture, never had and does not currently have debts to the state or to the suppliers of materials or services!

The business proposals are:

-Full sale

-Joint-venture / Association (minority package)

In the case of full takeover, the owner is willing to assist the buyer / investor for a reasonable period of time for taking over the business and continuity.

The main reason for the sale is due to the age of the owner, but also because he believes that a fresh energy is needed in this business, another entrepreneur who can take the business to the next level.

The requested price for 100% of the social shares is 650,000 Euro / negotiable.

This is an excellent market entry opportunity for a foreign company interested on the Romanian market.

Farming business for sale in Romania: 1120 ha turnkey farm, with production of wheat, barley, alfalfa, sunflower, corn, rapeseed and green peas

Proposal Value
2.250.000 EUR

[View Full Proposal Here](#)

The farm has in operation 1,120 ha of agricultural land with a consolidation degree of 90%, fully eligible for EU funds subsidies, of which 1000 ha for lease and 120 ha for property. The business for sale has been operating for over 15 years in the Eastern part of Romania and has the full range of agricultural machinery and equipment for land use and agricultural crops, as well as administrative headquarters, storage facilities and installations for the perfect functionality and independent of the business. The average turnover for the last 3 years, is 1,600,000 Euro / year with a profit rate of 15-20%. The business is organized in two companies with no debts to the state.

The current owner puts on the market, **three business proposals:**

1. Full sale of the business owned by the two companies, for the price of 2.250.000 Euro;
2. TRANSFER, only of the lands in exploitation in the surface of 1000 ha, at the price of 750 euro / ha. In both situations, the whole work system will also be handed over: customers, suppliers, employees, etc.
3. Sale only of the owned lands (120 ha), at the price of 5000 Euro / ha.

The intention of selling the company, comes from the owner's desire to focus his efforts on another entrepreneurial project in the area of viticulture and fruit growing. The owner is willing to assist the new buyer in taking over the business, for a reasonable period of time necessary to transfer the business in optimal conditions.

Online shop selling sanitary objects and other bath accessories, for sale

The company was established 15 years ago and grew organically as a family business. The growth continued also during pandemic crisis in 2020.

The business is operated from a lease premise of 70sq.m in Bucharest, with 3 employees, and realize an annual turnover of Eur 1,250,000 with a profit of Eur 135,000.

This business has a big development potential, even with small investments. The growth is possible by adding new products categories, creating new marketing online campaigns with quite small investments as well as by developing a sales team to develop the offline sales channels (architects and plumbers).

A fresh and professional management view could boost the company's performance and move it from a family business to the next level.

During the last 5 years, the company increased its performance by four times from about 300,000 Euro in turnover registered in 2016 to Eur 1,250,000 this year.

The platform is built on PrestaShop which offers large flexibility that allows even to the non-IT persons to upgrade it, make design changes and operate it. Due to its long presence on the internet, the domain is very well indexed in Google and assure an important organic traffic reflected in the business profitability. Traffic records and statistics will be provided after NDA signing.

The owner has interest for other business, but is available to support the new owner for a reasonable period of time and assure a full transfer of the business.

Interested buyers / investors are invited to communicate their intention by email confidential@rbe.ro or phone +40212665677.

The owner of a fully equipped alcohol factory, currently in conservation, is looking for a business partner to finance the restart of the business

Proposal Value
5.000.000 EUR

[View Full Proposal Here](#)

The investment value necessary to restart the factory with the main object of existing activity: production of alcohol from cereals: ethyl alcohol, denatured alcohol, sanitary alcohol, technical alcohol, food alcohol products, is in the **amount of approximately 5,000,000 Euro**. This investment is necessary for carrying out repairs and modernizations, but also for ensuring the working capital in order to purchase raw materials and guarantee the payment of the expenses necessary for the operation until the collection of invoices from customers.

For that contribution, the current owner is willing to transfer 20% of the business to the new investor. **The amortization of the investment can be repaid in approximately 36 months**, according to the financial calculations that can be made available to interested investors.

The current owner guarantees that the factory is functional and can be put back into operation at any time.

The factory is located in one of the big cities in the eastern part of Romania, on a land of 21,000 sqm on which are located 15 buildings with a total built area of 5,000 sqm, with the destination of production and storage necessary for the activity. The location is strategic for this type of business, due to the fact that the raw material (corn) is a resource available in the area. The factory has all the necessary utilities for the activity of production, processing, bottling, storage (electricity, gas, own water wells, water-sewer), and is equipped with all the machinery, installations, equipment and technical means necessary for the production process, preparation, bottling, storage. The daily production capacity is 30,000 l of alcohol, and of maximum 10,000,000 l per year, respectively, possible to be achieved with a number of 40 employees. The existing storage capacities (stainless steel tanks) are of maximum 500,000 l. The facility has direct access to the main car transport route.

In addition to the main activity, the business can also develop in the area of production of sanitary alcohol and biocides - additional directions for business development in the current context marked by the pandemic, but also alcoholic beverages under its own brand. And these new development directions can be the subject of strategic discussion with interested partners.

Interested parties in this business opportunity are invited to communicate their intention through email confidential@rbe.ro, phone +40212665677.

Business in the fashion industry with sales, including through the online store, looking for a business partner

Proposal Value
150.000 EUR

[View Full Proposal Here](#)

The owner of this fashion company is looking for a business partner / investor for the development and diversification of the business. The company is the exclusive representative for Romania of two well known international brands of wedding dresses - important internationally and already established on the Romanian market through them.

The business (family business) has been operating for over 8 years and is located in a well known and central area of Bucharest, which also includes a presentation showroom. The space is rented, recently refurbished according to a modern design in line with the represented international brands. The rental contract is in good condition, ensures the stability of the business and allows its development in the respective location.

The wedding dresses are imported, being from the quality-price ratio, in the medium-high quality class related to the Romanian market.

The products sold are: wedding dresses, jewelry and accessories.

The development potential in the same format completed with the sale through the online store, would imply the diversification of the product range with evening dresses, shoes but also with men's clothing items.

The business is on an upward trend, even during the pandemic, the owners continued their **business development plan** and they already started the actions to open a new location in another important city of Romania, Timisoara. The inauguration will take place at the beginning of 2021.

An important role in the success of the business is played both by the international brands of wedding dresses sold, and by the growth of the brand on the local market through seriousness, professionalism, quality vs. price.

Currently, the business operates with 5 employees and the **annual turnover is about 500,000 Euros, with a profit margin between 25-30%**.

The main request of the current owner is an investment of 150,000 Euros to sell the shares (the percentages will be negotiated). The total exit option is not excluded with potential investors interested in taking over all or part of the business - including the majority stake.

Interested parties in this business opportunity are invited to communicate their intention through phone 0040212665677 or by email confidential@rbe.ro
